Leslie W. Dunbar

Dear Mr. Dunbar:

Mr. Blakey, Chief Counsel and Director for the Select Committee on Assassinations, has reviewed those CIA records containing your name which were identified in responding to your Freedom of Information Act request of 20 June 1975. He has determined that they are exempt from the HSCA "Moratorium on Records Destruction".

We have accordingly taken steps to carry out your request that they be destroyed. The custodians of the record systems in which they were originally located have been instructed to destroy them.

I have advised your attorney, Mr. Berman, of our action. I have also advised him that we are required to keep the correspondence concerned with your original request and subsequent appeal for four years, pursuant to 5 U.S.C. 552a(d)(3). It will then be destroyed automatically, in accordance with the General Records Schedule 14, approved by the Archivist of the United States.

Sincerely,

Gene F. Wilson
